PERSONAL PROJECTS

Project name : Outside Adventure Website

Github Link : <https://github.com/Souravdas54/outdoor-adventure>

Project Url : <https://outdoor-adventure-five.vercel.app/>

Description : A responsive web application showcasing outdoor adventure activities and travel experiences. Built using React.js with Material-UI for UI design, Redux for state management, and Axios for API integration. The application features dynamic product listings, add-to-cart functionality, and responsive layout for all screen sizes.
